ABOUT US

Bar's Leaks Australia LP

We manufacture and market some of the most trusted names in automotive chemicals.

We also have a wide range of custom products specifically produced for automotive dealerships and wholesalers.

Manufacturing automotive products has been the backbone of both our Australian and NZ companies since 1947.

We pride ourselves on producing products locally supporting local suppliers and industry.

Developed in Australia and New Zealand for our unique conditions, Bar's Bugs has been the leading name in windscreen additives for more than 40 years.

Australia and New Zealand's #1 Windscreen Cleaner.

TOUGH ON DIRT,
EASY ON PAINTWORK

CAR WASH & PROTECTANT

BBCWP2000

Dirt dispersing agents prevent loosened dirt from redispersing on the paintwork during cleaning.

Advanced Polymers form a nano thin invisible protectant layer that is wax free, invisible and unlike wax does not build up on itself especially on windscreens.

CERAMIC COATING SPRAY

BBCSC500

An easy-to-use Ceramic Coating that can be applied in minutes. Great as a stand-alone product or topper for your current Ceramic Coating.

True ceramic coating, featuring both SiO₂ & TiO₂ nano-quartz technology adds extreme gloss, shine, and depth. Super-slick, hydrophobic properties Safe on all painted surfaces, glass, headlights, tonneau covers, soft tops, chrome, trim, wheels, even bed liners!

FAST WAX

BBFW500

Deep wet look shine in seconds. Removes light dust and fingerprints. Cleans and protects. Just spray, wipe and buff.

HEADLIGHT RESTORER KIT

BBHLRKIT

Quick and easy to use solution for removing yellowing/haze from headlights. Greatly improves visibility when driving at night, improving driving safety and improves vehicle's appearance.

THE SHINE YOU'VE
BEEN SEARCHING FOR

BARBUGS.COM

BUG & TAR REMOVER

BBBNT

Super penetrating formula. Removes bugs, road tar and more.
Safe on chrome, metal, paint and plastic.

TYRE SHINE

BBTS350

Bar's Bugs Tyre Shine delivers long lasting wet shine and protection without any greasy mess. Gives a deep-black look to rubber and plastic trim pieces. Dry-to-the-touch finish does not attract dirt or dust.

WHEEL CLEANER & IRON REMOVER

BBWCIR500

A colour change mechanism – which turns the product from orange to purple – indicates when the iron particles have been neutralised and can be safely rinsed away. Bar's Bugs Wheel Cleaner & Iron remover also reduces the need to agitate treated surfaces.
